Autumn Seminars running from September - November 2011

The UK's most insightful Employment Status Seminars

It has been another year of major legislative and case law development that has had a significant impact on IR35, Employment Status and the construction industry. IR35 remains a draconian measure looming over innocent contractors and whilst the construction industry consultation has yet to make a significant impact the law on Employment Status has not stood still. The Accountax seminar will provide you with all the latest updates and ensure that you are up to speed with the most recent legislative and case law changes. The seminar is an unmissable opportunity to obtain a thorough breakdown of all the latest news from the country's leading Employment Status experts.

The seminar topics will include:

■ **Employment Status update:**

The importance of the contract – you'll learn the most important do's and don'ts of contract wording and how best to defeat an IR35 or Employment Status challenge.

Case law update – all the latest important cases will be discussed including the potential ramifications of the Autoclenz judgment due from the Supreme Court any day now.

Accountax victories – the seminar will delve into our recent ground breaking victories including MBF Designs, ECR Consulting and Marlen. We will give you all the ammunition you need to send HMRC packing. With a success rate unmatched by any of our rivals this seminar is presented by those who go up against HMRC and not just those that talk about it.

Agency Workers Regulations – this major piece of legislation will have a significant impact on agencies, end-users and umbrella companies whilst also creating a new status that you will need to be aware of. Coming into force in October 2011 the Regulations will change the landscape significantly.

Holiday Pay – With the Autoclenz judgment imminent and holiday pay Tribunals again on the rise the seminar will discuss the legal issues that you need to navigate in order to defeat an Employment Tribunal claim.

MSC Legislation & penalties – HMRC are now beginning to enforce the MSC legislation and Accountax are involved in a number of major cases. Our experience and knowledge will prepare you and your clients for the impending onslaught.

■ **Gross Payment Status** – HMRC continue to withdraw gross payment status at an alarming rate. The seminar will focus on how to fight the Revenue as well as exploring the recent Scofield judgment.

■ **Things to look for in the coming year** – We will focus on our upcoming cases as well as the impending legislation and judgments that will have a bearing on you and your clients.
